K12ITC BOOSTS NETWORK & SUPPORT FOR SALOME ELEMENTARY

OBJECTIVES

1 Improve technology support responsiveness & availability.

2 Establish a structured I.T. service with predictable budgeting and refresh cycles.

3 Strengthen network reliability to support online curriculum & state testing.

KEY BENEFITS

Increased Network Reliability

With K12itc's upgraded infrastructure, the school now experiences consistent, high-speed connectivity, ensuring students and teachers can rely on technology in the classroom.

Improved I.T. Support & Responsiveness

K12itc provides dedicated, accessible I.T. support, reducing downtime and frustration for teachers and administrators.

Predictable Technology Costs & Management

A fixed budget and refresh cycle ensures sustainable, forward-thinking investments in technology.

> " I have thoroughly enjoyed working with K12itc. The staff is helpful and friendly and are usually able to help in a timely manner. "

JENNIFER WALTON
Superintendent

AT A GLANCE

CHALLENGES

- Limited I.T. support hours & personel
- Frequent internet connectivity issues disrupting learning
- Outdated technology infrastructure
- Unpredictable technology budget

SOLUTIONS

- ☑ Secure & reliable I.T. support
- ☑ Enhanced network infrastructure
- ☑ Structured I.T. management
- ☑ Fixed pricing
